

Introduction

Our firm, Oliphint Associates, LLC dba One Advocate Group, is an investment adviser registered with the Securities and Exchange Commission. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at www.investor.gov/CRS, which also provides educational materials about investment advisers, broker-dealers, and investing.

What investment services and advice can you provide me?

We are a registered investment adviser that offers investment advisory services, including Comprehensive Portfolio Management and Financial Planning & Consulting to clients. If you open an advisory account with our firm, we'll meet with you to understand your current financial situation, existing resources, objectives, and risk tolerance. Based on what we learn, we'll recommend a portfolio of investments that is monitored at least every other year, and if necessary, rebalanced to meet your changing needs and goals. We'll offer you advice on a regular basis and contact you at least every other year to discuss your portfolio.

We manage accounts on a discretionary basis. After you sign an agreement with our firm, we're allowed to buy and sell investments in your account without asking you in advance. Any limitations will be described in the signed advisory agreement. We will have discretion until the advisory agreement is terminated by you or our firm.

We do not restrict our advice to limited types of products or investments.

Our firm requires a minimum account balance of \$500,000 to open and maintain an account for our Comprehensive Portfolio Management service. This required minimum is negotiable and in some cases will be waived entirely at our discretion based on the following: (1) you are the child of an existing client or (2) you have a future opportunity. Additionally, we may utilize Envestnet Asset Management, Inc. ("Envestnet") or Independent Money Managers ("IMM"). Envestnet and IMM may have minimums to open accounts on their platform. For accounts below the minimum account balance required by Envestnet, a minimum annual platform fee of \$75 will be assessed. Please refer to Envestnet's Managed Account Solutions Terms and Conditions for account minimums.

Financial Planning & Consulting is included in our Comprehensive Portfolio Management service for no additional retainer fee for accounts over \$500,000. As we do charge an initial on-boarding planning fee. Financial Planning & Consulting is also offered as a separate service for a flat or hourly fee. We do not monitor your investments for the Financial Planning & Consulting service.

Additional information about our advisory services is in Item 4 & 7 of our Firm Brochure which is available online at <https://adviserinfo.sec.gov/firm/summary/270005>.

What fees will I pay?

You will be charged an ongoing quarterly or monthly fee based on the value of the assets in your account on the last business day of the prior quarter or month. Our maximum Comprehensive Portfolio Management annual fee is 2.00%. The more assets you have in your advisory account, the more you will pay us. We therefore have an incentive to increase the assets in your advisory account in order to increase our fees. Our fees vary and are negotiable. The amount you pay will depend, for example, on the services you receive and the amount of assets in your account. Our firm's fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account.

Our maximum flat fee is \$50,000 and maximum hourly rate is \$450 for our Financial Planning & Consulting service. We either require full payment or charge an upfront retainer when you sign an agreement for this service, or we charge you when we provide a financial plan or consultation.

The custodian that holds your assets charges you a transaction fee when we buy or sell an investment for you. The custodian's transaction fees are in addition to our firm's fees for our Comprehensive Portfolio Management service.

You may also pay charges imposed by the custodian holding your accounts for certain investments and maintaining your account. Some investments, such as mutual funds, index funds, exchange traded funds, and variable annuities, charge additional fees that will reduce the value of your investments over time. In addition, you may have to pay fees such as "surrender charges" to sell variable annuities.

For consultations that require travel, an additional travel expense will be directly invoiced to you. Mileage will be charged at \$0.54/mile. Any airfare, car rental/car service, parking, and lodging will be billed at actual cost. Airfare will be economy class. Lodging will be full or limited services properties, not luxury. Car rentals will be full size sedan, not SUV or luxury makes/models.

In certain cases, we may select Evestnet Asset Management, Inc. (“Evestnet”) or Independent Money Managers (“IMM”) to assist us with managing your account. If selected, they will charge you a fee, which will be described to you in our Form ADV, our agreement as well as their Form ADV and/or agreement. The fee paid to Evestnet or other IMMs shall be negotiable in certain circumstances but shall never exceed 2.00%

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Additional information about our fees is in Item 5 of our Firm Brochure which is available online at <https://adviserinfo.sec.gov/firm/summary/270005>.

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice, we provide you. Here are some examples to help you understand what this means:

Our firm’s financial professionals include licensed insurance agents who sell insurance products for a commission. They have an incentive to recommend insurance products to you in order to increase their compensation.

Additional information about our conflicts of interest is in Item 10 of our Firm Brochure which is available online at <https://adviserinfo.sec.gov/firm/summary/270005>.

How do your financial professionals make money?

Our financial professionals are compensated based on the revenue our firm earns from the amount of client assets they service and salary.

Do you or your financial professionals have legal or disciplinary history?

No, our firm and financial professionals do not have any legal and disciplinary history to disclose. Visit www.investor.gov/CRS for a free and simple search tool to research our firm and our financial professionals.
